Career Objective

To secure a position as a full-stack web developer that leverages my skills in frontend and backend development, as well as my nascent expertise in design. I aim to develop high-quality web applications that meet and exceed client expectations. My goal is to work in a collaborative environment where I can continue to grow my skillset, learn new technologies, and contribute to a dynamic team.

Strategy

- Create like an Artist
- Solve like an Engineer
- Act like an Entrepreneur

Execution

- Make it Work
- Make it Right
- Make it Fast

Additional Skills

- Content Writing
- Critical Thinking
- Designing
- Management Skills

Education

Bachelor of Technology in Electrical Engineering from Global Institute of Science & Technology, Jaipur, India.
